

NO-SEW FLEECE SCARF

Winter is a difficult time for people in need, so make this scarf to help someone stay warm.

What you need:

- Medium-weight polar fleece, 60" standard width (a 9" portion will make one scarf)
- Scissors
- An adult to help

What you do:

1. Cut a piece of medium-weight polar fleece to the size of 60" x 9". Cut the fabric across its width so the material is stretchy.
2. Trim off the edge binding. To add "fringe" along each end, make a 6"-long cut every half inch.
3. For curly fringe, pull each strand and then let go sharply. Another attractive option is to tie an over-hand knot at the top of each strip.
4. Donate your scarf to a local group that helps people in need. For greater impact, encourage your Sunday school classmates or other friends to make scarves, too.

A caring disciple

In Acts 9, Peter tells of a woman who lived in Joppa. She performed good works and helped the poor. Solve the puzzle below to reveal this disciple's two names.
